EXPERIMENT 8

Configuring User Management and Role-Based Access Control (RBAC) in a Zoho Creator Application

Application: Loan Application & Pre-Screening Management

Aim

To configure user management and role-based access control (RBAC) in the Loan Application & Pre-Screening Management application using the user permission settings of Zoho Creator.

Procedure

1. Sign in to Zoho Creator and open the application **Loan Application & Pre-Screening Management**. Click the **Settings** tab at the top and then click **User Permissions**. Take a screenshot of the User Permissions screen. (Figure 1)

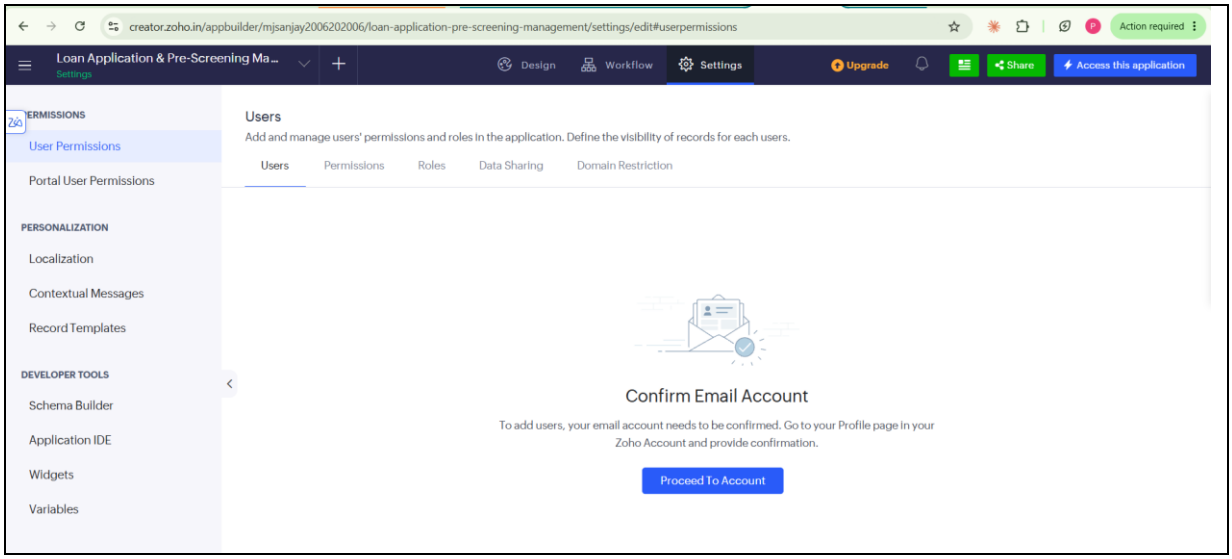

Figure 1: User Permissions screen

2. On the **Permissions** tab, click **Add Permission**. Enter the name **Loan_Officer** and the description **Can view and edit loan applications but cannot delete them**. Take a screenshot of the Add Permission panel with these details. (Figure 2)

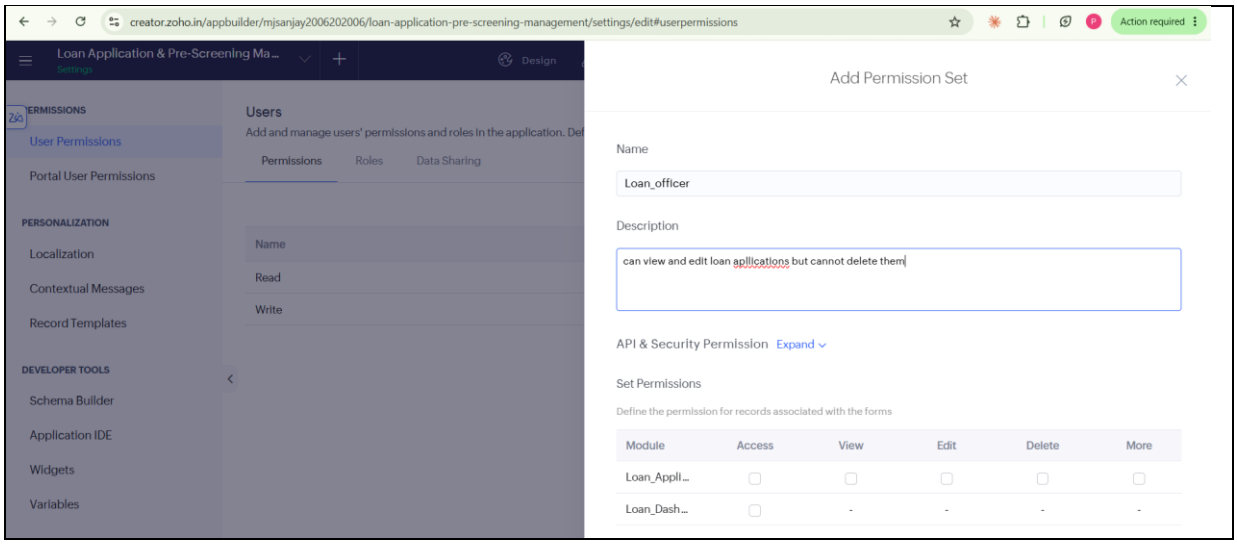

Figure 2: Add Permission panel with Loan_Officer details

3. In Set Permissions, tick **Access** for the Loan_Application_Form module. For **View** and **Edit**, select the Loan_Application_Form Report. Leave **Delete** unticked. Take a screenshot of the Set Permissions section. (Figure 3)

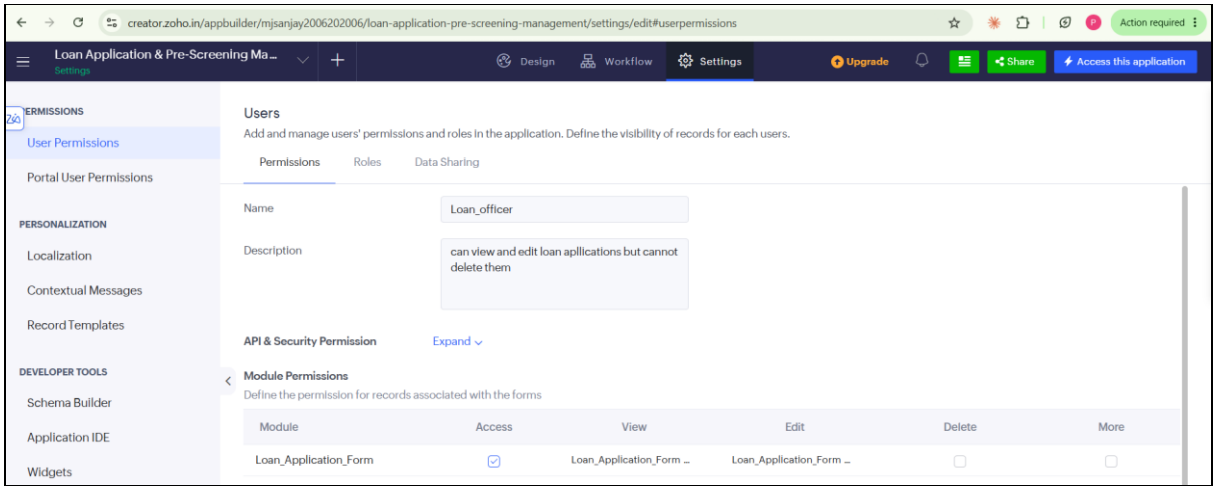

Figure 3: Set Permissions for Loan_Officer

4. Click **Save**. Take a screenshot of the Permissions tab showing Loan_Officer in the list. (Figure 4)

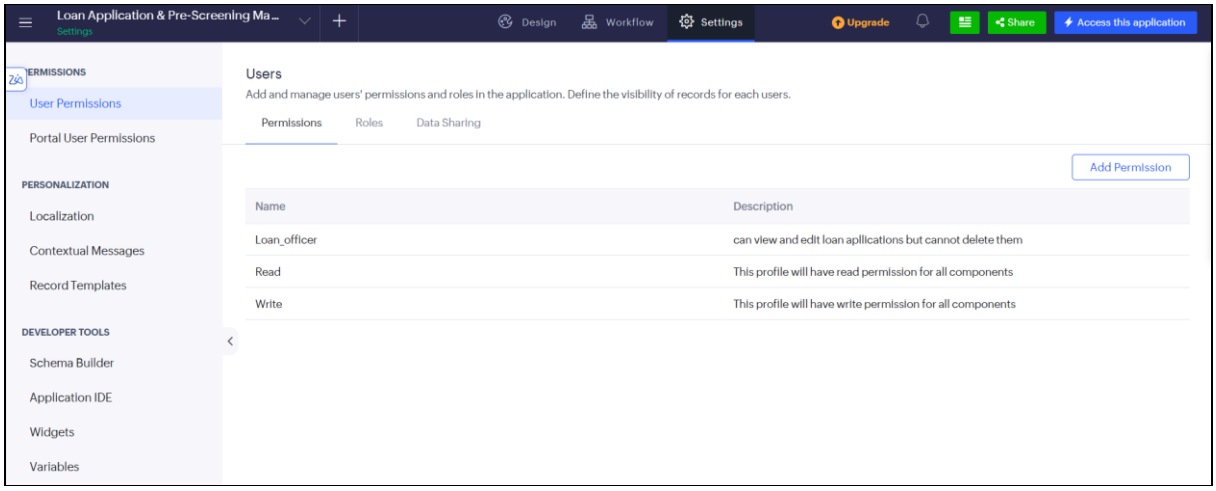

Figure 4: Loan_Officer listed in Permissions

5. Click the **Roles** tab and click **Add Role**. Enter the name **Loan_Manager**, keep Reports to as CEO and enter the description **Manages the loan screening process**. Take a screenshot of the Add Role panel with these details. (Figure 5)

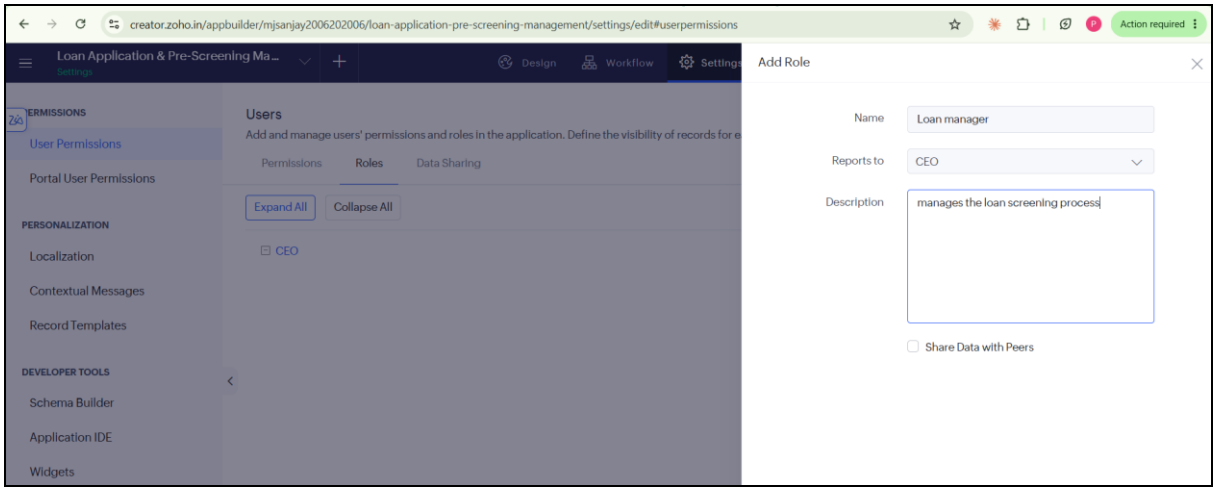

Figure 5: Add Role panel with Loan_Manager details

6. Click **Save**. Take a screenshot of the Roles tab showing Loan_Manager under CEO. (Figure 6)

7. Open the menu at the top left. Take a screenshot showing the signed-in account name and its email address at the bottom of the menu. (Figure 7)

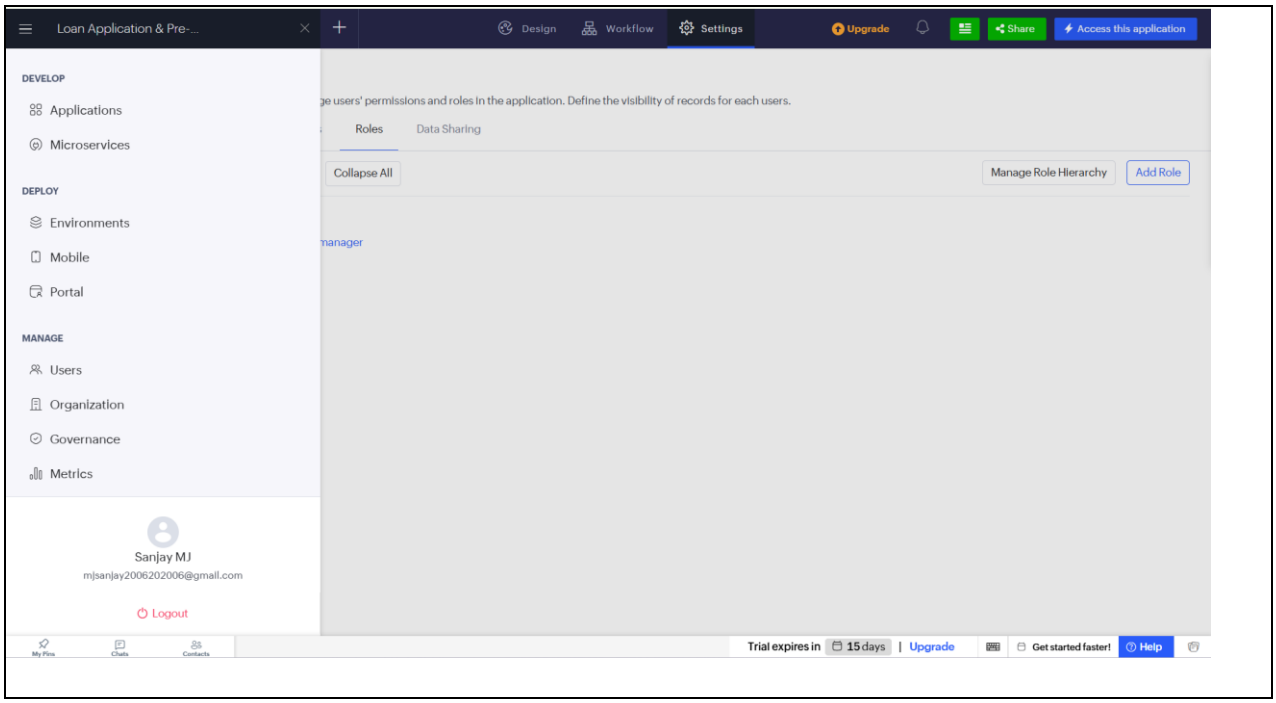

Figure 7: Account shown in the application menu

Result

The permission set Loan_Officer was created with Access, View and Edit for Loan_Application_Form and without Delete. The role Loan_Manager was created under the CEO role. The Permissions and Roles tabs of User Permissions list both entries.
